120. If the DEP determines that a charge which may otherwise ordinarily fall within a Level 1 of 2 offence range is reasonably considered as complex or otherwise more appropriately determined by a Hearing Commissioner (including, without limitation, by reason of its nature, gravity and/or the relevant alleged conduct, course of conduct and/or circumstances involved), the DEP may refer that charge to a Hearing Commissioner for determination at a hearing (at the DEP's sole and absolute discretion).
121. If the DEP determines that the charge, if proven (on the balance of probabilities), constitutes a Level 1 or Level 2 offence, the DEP may:
- 121.1. find the charge proven (on the balance of probabilities) and offer a penalty of a fine or a period of ineligibility to participate (i.e. a suspension); or
 - 121.2. find the charge not proven (on the balance of probabilities) and dismiss the charge.
122. The DEP may offer a penalty that includes any or all of the following:

 - 122.2. a period of ineligibility to participate in a number of Matches (i.e. a suspension), whether as a Player, Coach or Club Official, in a combined capacity or as an Official (including an Umpire),

including having regard to the offence and penalty guidance and indicative range of penalties contained within the Code of Conduct.
123. The DEP must, upon finding a charge proven (on the balance of probabilities), request and obtain details of any prior penalty imposed on the reported person before making its determination and proposing any penalty.
124. If a Player holds a dual role and is also a Coach or Club Official, the DEP may determine, at its discretion, whether any proposed suspension extends to a coaching capacity or is confined exclusively to a playing context and how it will be served.
125. The DEP will, upon making its determination, promptly notify the reported person and the Club of its determination and proposed penalty.
126. The reported person must, at the time of DEP notification, be advised that if they do not accept the determination and proposed penalty by 5:00pm on the Tuesday immediately following the notification, the charge will be referred by the DEP to a Hearing Commissioner for determination at a hearing on the Wednesday evening immediately following (i.e. the next day), unless otherwise notified by the Hearing Commissioner.
127. The DEP is not required to give reasons for its determinations.

131. In the case of any other matters referred to a Commissioner under these By-Laws, a hearing will be convened as notified by the Commissioner.
132. Where a hearing relates to any charge(s) under these By-Laws, the Manager – Premier Cricket must advise the Club and the reported person(s) of the time and place of the scheduled hearing. 133. The following persons must appear in person at a hearing, unless the Hearing Commissioner directs otherwise:
- 133.1. in the case of any charge(s) under these By-Laws, the reported person(s) (and/or Club representative(s) authorised to represent the reported person(s), if applicable) and the person(s) who made the report initiating the charge;
- 133.2. in the case of any other matter referred to a hearing under these By-Laws, the persons relevantly involved in the matter, including as determined by the Hearing Commissioner.
134. Any Player, Coach, Club Official or Official who has been reported for, and charged with, alleged Misconduct and/or Behaviour Unbecoming will not be eligible to participate in any Match until completion of the hearing and determination of the charge of alleged Misconduct and/or Behaviour Unbecoming.
135. The reported person(s) may apply to the Hearing Commissioner for a dispensation from, or a variation of, the requirement under By-Law 134 for their attendance in person. If a dispensation or variation is granted, the Hearing Commissioner may impose any conditions they consider appropriate in all of the circumstances, at their discretion.
136. In the case of Officials, an Umpire may be accompanied by an Umpires' representative, who will act as an observer.
137. At a hearing, the reported person(s) (or in the case of another matter referred to a hearing under these By-Laws, the person(s) relevantly involved in the matter) will be given a full opportunity to present their case (or position) and, where relevant, may call and question witnesses and make submissions.
138. In the case of any charge(s) under these By-Laws, if the reported person elects not to dispute the facts of the charge(s) against them, and advises the Hearing Commissioner of this prior to the hearing, the Hearing Commissioner may excuse the reporting person(s) from attending the hearing.
139. Persons appearing before the Hearing Commissioner will not be entitled to legal representation, unless the Hearing Commissioner grants permission.
140. In the case of any charge(s) under these By-Laws, if a reported person fails to appear before the Hearing Commissioner at the appointed time and place of a hearing, the Hearing Commissioner, upon being satisfied that notice was duly given to the reported person, may proceed to hear and determine the charge(s) against that person in their absence.
141. The Hearing Commissioner may adjourn a hearing from time to time.

142. The Hearing Commissioner is not bound by the rules of evidence and may inform themselves upon any matter, in any manner they think fit, at their discretion.
143. Vision or audio or other recording(s) may be received as evidence and considered by the Hearing Commissioner.
144. The Hearing Commissioner will determine the procedure to apply in any hearing at their discretion.
145. The Hearing Commissioner will act according to equity, natural justice, good conscience and the substantial merits of the case.
146. Any person present at a hearing who disrupts the hearing, conducts themselves in a manner disrespectful to the Hearing Commissioner or otherwise engages in any inappropriate conduct during a hearing may be dealt with in such a manner as the Hearing Commissioner deems fit, at their discretion.
147. The Manager – Premier Cricket must attend all hearings before the Hearing Commissioner and keep a record of the proceedings.
148. In the case of any charge(s) under these By-Laws, the standard of proof to be applied at a hearing is the balance of probabilities.
149. If the Hearing Commissioner finds a charge against a reported person proven, the Manager – Premier Cricket must provide to the Hearing Commissioner details of all previous occasions on which the reported person has been found guilty of Misconduct, Behaviour Unbecoming or similar in any competition, to guide and inform the Hearing Commissioner's assessment of an appropriate penalty.

DISCIPLINARY HEARINGS – RANGE OF PENALTIES

150. The Hearing Commissioner may impose a penalty that includes any or all of the following:
 - 150.1. a fine; and/or
 - 150.2. a period of ineligibility to participate in a number of Matches (i.e. a suspension), whether as a Player, Coach or Club Official, in a combined capacity or as an Official (including an Umpire).
151. Offence and penalty guidance and an indicative range of penalties is set out in the Code of Conduct, however the Hearing Commissioner will not be restricted to those penalties – they are merely intended as a guide and the Hearing Commissioner retains discretion as to the penalty or penalties to be imposed.
152. In the case of a fine, the Hearing Commissioner may also set a period of ineligibility to participate (a suspension) in a number of Matches (whether as a Player, Coach, Club Official, in a combined capacity) or as an Official, which the person may elect to serve in lieu of paying the fine.
153. In the case of deciding that a person should serve a period of ineligibility to participate ("the sentence"), the Hearing Commissioner may suspend the sentence (or any part of it), on such conditions and for such period (but not exceeding two (2) years from the date of the sentence) as the Hearing Commissioner thinks fit, at their discretion.

154. For the purposes of any suspension imposed under these By-Laws, a person serving a suspension must not, for the relevant period of their suspension, enter the field of play or perform any playing, coaching or officiating role on a Match day in any Match in any grade or competition in the Premier Cricket Competition, unless or until their suspension has been served and has concluded, subject to By-Law 155.
155. Despite By-Law 0, where a Player is suspended in their capacity as a Player (and not as a Coach or dual Player/Coach), the Player may, during their period of suspension, provide coaching assistance to their Club on any Match day in a grade that is two (2) grades or more below the grade in which they received their suspension and may enter the relevant ground and the field of play before the commencement of play and during the interval between innings solely to perform normal coaching duties, including throwdowns and hitting or fielding practice. The suspended Player may not enter the field of play at any other time during the Match or for any other purpose.
156. If/where a Player is serving a suspension during the Major Round, a Major Round Match will be considered and treated as a Match served only if that Player would otherwise ordinarily have been expected to be named and play in such a Match (i.e. where the grade and team for which the Player is ordinarily qualified is playing in that Major Round Match, rather than where the Player would be required to play across grades or otherwise require a Permit).
157. If a person is suspended for one (1) or more Matches, and subsequently participates in a Match, any part of which coincides with a Match for which they were suspended, then that Match will not be counted as part of the person's period of ineligibility to participate.
158. If a Player receives a suspension and they hold a dual role as a Coach or Club Official, the Hearing Commissioner may determine, at their discretion, whether the suspension extends to a coaching capacity or is confined exclusively to a playing context and how it will be served.
159. In the case of imposing a penalty on a Coach or Club Official, the Hearing Commissioner may also impose a fine upon the relevant Club that the Coach or Club Official represents.
160. Any fine imposed by a Hearing Commissioner may not exceed the sum of \$2,000.00.
161. Any fine must be paid to SACA and will be applied by SACA towards the costs incurred by SACA in running the Premier Cricket Competition.
162. Unless and until a fine payable by a person has been paid, or the alternative period of ineligibility served, they will not be eligible to participate in any Match.
163. If a Club fails to pay a fine imposed upon it, will deduct the amount of such fine from the next distribution of monies otherwise payable by SACA to that Club.

OTHER COMMISSIONER REFERRAL OUTCOMES

164. For matters referred to and heard by a Commissioner under these By-Laws, other than a charge, a Commissioner may grant or refuse an application, make a determination on any question or matter in dispute, resolve any appeal and otherwise make a decision as it sees fit, at its discretion.

REPORTING OF HEARING OUTCOMES

Charges

165. The Hearing Commissioner will announce their decision at the conclusion of the hearing or advise the Premier Cricket Coordinator of the decision the next day (or in any event as soon as feasible). The Premier Cricket Coordinator will communicate the decision to all persons relevantly involved in the hearing.
166. If the Hearing Commissioner has provided a written decision, the Premier Cricket Coordinator will distribute a copy of the written decision to all persons relevantly involved in the hearing, the secretaries of all Clubs and SACUSA.
167. The Premier Cricket Coordinator will upload and publish on the Premier Cricket Website the details of all reports and the result of any DEP inquiry or Commissioner hearing, as applicable. The Premier Cricket Coordinator will not upload and publish any written decision(s) of a Hearing Commissioner to the Premier Cricket Website unless directed to do so by the relevant Hearing Commissioner.

RESTRICTIONS ON PRE-HEARING COMMENTS

169. No Club, Player, Coach, Club Official or Official may make any comment to any media organisation (or representative of any media organisation) or in any media or other public forum prior to the hearing of any report, charge or appeal (or other referral to a Commissioner) under these By-Laws. Any breach of this By-Law must be investigated by the Hearing Commissioner, who may take such action against the Club, Player, Coach, Club Official or Official as the Hearing Commissioner deems appropriate, at their discretion.

APPEALS AGAINST HEARING COMMISSIONER DECISIONS

Reports/Charges

170. If a reported person is not satisfied with a decision of the Hearing Commissioner, the reported person may appeal to an Appeals Tribunal.
171. Any Appeals Tribunal will comprise three (3) persons, namely a Commissioner (who did not conduct the initial hearing), a representative nominated by SACUSA and a representative nominated by the Premier Cricket Committee. 259. A specific procedure for obtaining any Permit required under Part 14 for a Player to Play in a lower grade in a Major Round Match is set out in Part 14 of these By-Laws (By-Laws 391 to 395).
260. If a Permit application under Parts 13 or 14 (Minor or Major Round Matches) is refused, the Club may submit a further application (for a different Player), subject to all relevant application and timing requirements being met.
261. The procedure for obtaining a Season Permit is set out in this Part 11 in By-Laws 265 to 267.
262. The consequences for any failure to comply with Replacement Player Permit requirements are set out in Part 12.
263. Any Club playing a Player not possessing any required Permit, and who is therefore ineligible to play, will be in breach of the By-Laws and will be declared to have lost (Forfeited) the relevant Match(es) in which the Player took part and will lose all points gained in such Match(es), unless otherwise determined by the Permit Committee on the grounds that there were exceptional circumstances justifying the Player's lack of the requisite Permit (unless otherwise specified in these By-Laws). Points awarded to the other Club for a deemed Forfeit will be the maximum achieved in that round of Matches in that grade. Other or additional consequences may apply for a breach of Permit requirements for any Replacement Player under Part 12, including as specified in By-Laws 304 to 306, or for any Major Round Match under Part 14, including as specified in By-Law 383. By-Laws 338 and 339 may also apply.

Season Permits

264. A Player who is registered with a Club in any season may also play for a Community Club in that season and a Player who is registered with a Community Club in any season may also play for a Club in that same season without requiring a Transfer, provided they have obtained a Season Permit.
265. If/where a Player requires a Season Permit, that Player's registration must be entered in PlayHQ by the relevant Club for which the Player is seeking to play.
266. The Season Permit application requires approval of the relevant Community Club and SACA.
267. Season Permits will be permitted on the following conditions:
- 267.1. the relevant Community Club must be affiliated with SACA or a Community Association that is affiliated with SACA;
 - 267.2. the relevant Player must be duly registered under the By-Laws of both SACA and the relevant SACA affiliated Community Club and/or Association; and
 - 267.3. a Player may not hold more than one (1) Season Permit within any one competition in any season (i.e. a Player must not be registered with multiple Clubs or Community Clubs within the same competition).

268. A Player who holds a Season Permit will not be prevented from obtaining a Transfer from their Club or a Transfer from their Community Club at any time by reason of the Season Permit. Any such Transfer application must be made under these By-Laws (or in case of a Community Club or Community Association, under or as varied by its by-laws, if/to the extent applicable).
269. A Player who:
- 269.1. holds a Season Permit and obtains a Transfer from their Club or Community Club (as relevant) during a season; or
- 269.2. held a Season Permit in the last season in which they played and obtains a Transfer from their Club or Community Club following the completion of that season,
- must also obtain a Transfer from their other (secondary) relevant Club or Community Club for which they hold the Season Permit.
270. A Player holding a Season Permit must always offer themselves for selection by the Club first, in priority to the Community Club (i.e. where there is a conflict with the Community Club's match program).
271. A Player with a Season Permit must always complete a Match in the Premier Cricket Competition which has commenced and in which they are a named Player.
272. A Player with a Season Permit may play for their school or Community Club on a weekend as well as for their Club on the same weekend.
273. A Player with a Season Permit who is under eighteen (18) years (as at 1 September) in the current season may play in the Premier Cricket Competition on both days of the same weekend.
274. Where a Player aged under eighteen (18) years (as at 1 September) in the current season seek to register with a Club in addition to a Community Club, the Player must apply (in writing) for a Season Permit, which will be deemed an election to play for a Club for which they are eligible and qualified under these By-Laws. Such a Player may not subsequently register with any other Club other than as provided for in these By-Laws.
275. The relevant SACA By-Laws and SAMCA by-laws pertaining to eligibility and qualification to play in Finals Matches will apply to a Player with a Season Permit.

PERMIT COMMITTEE – POWERS AND DUTIES – TRANSFERS AND PERMITS

276. The Permit Committee has the power to (without limitation):
- 276.1. inquire into and determine matters relating to Transfers and Permits;
- 276.2. adjudicate and make determinations in respect of refused Transfer Applications and Transfer and other Transfer application disputes;
- 276.3. rescind any Permit if/where it becomes apparent that the grant of a Permit occurred based on incomplete or inaccurate information;

276.4. determine Season Permit disputes;

276.5. impose a penalty under By-Laws 263 and/or 232 (or under Part 12 in the case of Replacement Player Permits), as applicable.

PART 12 - REPLACEMENT PLAYERS

PERMIT COMMITTEE APPROVAL AND PERMIT REQUIRED

277. A Club must select its teams, and any proposed Replacement Players, prior to the relevant round of Matches after taking into account the availability or unavailability of Players.

278. All Replacement Players require a Permit granted by the Permit Committee, unless otherwise specified in this Part 12. The circumstances in which a Replacement Player is permitted under these By-Laws, and in respect of which a Permit may be granted, are specified below.

REPLACEMENT PLAYERS – PERMITTED CIRCUMSTANCES

279. A Player:

279.1. selected as a Player in a Representative Match;

279.2. appointed as an official for or at a Representative Match (as approved by the Permit Committee);

279.3. suffering a Qualifying Injury;

279.4. playing cricket for their independent school; or

279.5. required to attend an Exam

may replace, or be replaced by, another Player on either day of a Men's 1st, 2nd, 3rd, 4th, Women's 1st, 2nd or Junior Match in the circumstances specified and permitted under this Part 12.

280. For Men's 1st Grade only, if/where a Player is not available on one day of a two day Match due to the birth of a child for whom they are a parent, that Player may be replaced by another Player (a Replacement Player) provided that the child is expected to be born on the playing day or was borne on or after the Monday immediately prior to the playing day for which the replacement applies. For the avoidance of doubt, this applies solely for Men's 1st Grade and in other grades Clubs are expected to use their ability to select 12 players in 2nd Grade or 13 in 3rd Grade.

281. If a Player is replaced, consequential replacements in lower grades will be permitted.

282. The Replacement Player must complete the relevant Match with the same full rights and obligations of the Player they have replaced (for example, if the Player replaced was to continue their innings at the resumption of play on the second day or was to complete an over in progress at that time, the Replacement Player will immediately resume such innings or over).

Major Round Matches

283. For Major Round Matches, Replacement Players will only be permitted as specified in Part 12.

284. Any Replacement Player(s) must be included on the Team Sheet prior to the start of the relevant Match.

285. The Team Sheet for the relevant Match must be clearly amended and marked to identify any Replacement Player and any Player(s) replaced.
286. Amendments to the Team Sheet must be signed by both captains and an Umpire and the date and time of such change clearly included (responsibility vests in the captain of the team whose Player is being replaced). The only responsibilities of Umpires will be to sign all Team Sheet changes as required under these By-Laws (after ensuring the date, time and captains' signatures are in place) and to report any occurrences known or reported to them of a Player playing without the required procedures being followed.

Unavailability Known or Anticipated Prior to a Match

287. If and where the unavailability of a Player is known or anticipated by a Club prior to:
- 287.1. the commencement of play on the first day of a two (2) day Minor Round Match not played on consecutive days (e.g. Saturday/Sunday, etc.); or
- 287.2. a Major Round Match,
- a Replacement Player must be selected for each such Player.
288. For the purposes of By-Law 287, a Player's unavailability will be considered anticipated where:
- 288.1. a Player was selected in a Representative Match team in the previous Representative Match of the same type;
- 288.2. a Player is selected in the playing or travelling squad for the upcoming Representative Match;
- 288.3. unavailability is advised by the SACA Cricket Department;
- 288.4. the date of an Exam is known and advised to the Player; or
- 288.5. the date on which a Player wishes or is selected and required to play for their independent school is known and advised to the Player.
289. Where a Replacement Player is required due to any Player's involvement in a Representative Match:
- 289.1. the Replacement Player(s) is/are not required to be notified to the Premier Cricket Coordinator and no Permit will be required, however the names of all Replacement Players and replaced Player(s) must be included alongside each other on the Team Sheets for the relevant Match exchanged prior to the toss;
- 289.2. Replacement Player(s) are automatically voided if the Player in a Representative Match becomes available to play for their Club through omission from the Representative Match team (including where they are named as twelfth (12th) man and released in a Representative Match being played in Adelaide) and the Team Sheet for the relevant Match must be amended to reflect the voiding and the date and time the change was made and must be signed by both team captains and an Umpire;
- 289.3. If a Player omitted from a Representative Match team (whose replacement is voided as a result) has a Qualifying Injury preventing them from taking their place in a Premier Cricket Competition team, the Club must make an application to the Permit Committee for a Replacement Player on the second day of the Match.

Explanatory Note: Although in most cases the original Player (who played on the first day of a Match) can be expected to be the Replacement Player, it is not possible to automatically void the replacement in this situation, as the “original” Player may not be available to continue in the Match and the Permit Committee must ensure the injury meets the requirements for a Qualifying Injury.

290. Any Replacement Player(s), and the Player(s) whom they replace, must be clearly identified on the Team Sheet prior to the start of the relevant Match. The Team Sheet must be clearly amended and marked to identify any Replacement Player and any Player(s) replaced. Amendments to the Team Sheet must be signed by both captains and an Umpire, and the date and time of such change clearly included (responsibility vests in the captain of the team whose Player is being replaced). The only responsibilities of Umpires will be to sign all Team Sheet changes as required under these By-Laws (after ensuring the date, time and captains' signatures are in place) and to report any occurrences known or reported to them of a Player playing without the required procedures being followed.

Unavailability not Known or Anticipated Prior to a Match

291. If/where a Replacement Player is not included on the Team Sheets exchanged before the toss on the first day's play of a relevant Match, a Club may apply to the Permit Committee for approval and a Permit for a Replacement Player to address a Player's unknown or unanticipated unavailability where:

291.1. the Player concerned was promoted to a Representative Match team where they were not selected in the previous Representative Match of the same type;

291.2. the Player concerned was omitted from selection in the previous Representative Match of the same type;

291.3. the Representative Match team concerned had not played a Representative Match earlier in the same season;

291.4. the Player concerned suffered a Qualifying Injury after the commencement of play on the first day of the Representative Match;

291.5. there was a late and unanticipated change to an Exam or independent school match fixture, or a change in selection(s) for an independent school team, occurring after commencement of play on the first day of the relevant Match.

292. If/where any Replacement Player Permit is granted by the Permit Committee prior to commencement of play on the second day of the relevant Match, the Team Sheet must be clearly amended and marked to identify any Replacement Player and any Player(s) replaced. Amendments to the Team Sheet must be signed by both captains and an Umpire, and the date and time of such change clearly included (responsibility vests in the captain of the team whose Player is being replaced). The only responsibilities of Umpires will be to sign all Team Sheet changes as required under these By-Laws (after ensuring the date, time and captains' signatures are in place) and to report any occurrences known or reported to them of a Player playing without the required procedures being followed.

293. The right of a captain to nominate a substitute fielder, rather than make application for a Replacement Player, remains unaffected.

REPLACEMENT PLAYER APPROVAL AND PERMIT APPLICATIONS

294. Unless otherwise specified in this Part 12, any application for a Permit for any Replacement Player(s) must be notified in writing in the prescribed form to the Manager - Premier Cricket within forty-eight (48) hours of the event giving rise to the application, indicating the Replacement Player(s), the replaced Player(s) and all consequential replacements in lower grades. Details pertaining to recent Match performances, Match status/situation and the rationale for the application must also be provided.
295. Any application for a Permit for a Replacement Player must in any event be lodged by no later than 12:30pm on the last Business Day prior to the second day's play in the relevant Match.
296. If/where any application is lodged after 12:30pm on the last Business Day prior to the second day's play in the relevant Match, it will only be considered if it is lodged within two (2) hours of the need for a replacement becoming known to the Club (and the Club making the application must satisfy the Manager - Premier Cricket that this condition has been met). A late Replacement Player application may be accepted at the Premier Cricket Coordinator discretion, depending on the circumstances causing delay. No late applications will be permitted, accepted for consideration or granted for Major Round Matches and Minor Round two (2) day Matches played on consecutive days (e.g. Saturday/Sunday etc.).
297. If/where any application is based on a Qualifying Injury, the relevant required confirmations for that Qualifying Injury must be submitted with the application. If/where it is not possible for a member of the SACA panel of doctors and/or physiotherapists to provide the required confirmation within the specified timeframe, the Permit Committee may make a provisional decision based on an acceptable confirmation being received by the Manager - Premier Cricket not later than two (2) hours prior to the commencement of the second day's play in the relevant Match.
298. Each Replacement Player application must be for a like type of player to the Player being replaced and the application must be signed by the Secretary or other authorised officer of the Club concerned.
299. In considering whether to grant or refuse a Replacement Player Permit, a material and primary consideration will be whether it would be a "like for like" replacement. Subject to that consideration, the Permit Committee will also consider:
- 299.1. the current status and situation of the Match, including whether the Replacement Player will bat, bowl or keep wicket; and
- 299.2. the Replacement Player's ability in each category relative to the replaced Player
- and the Permit Committee may place restrictions on the participation of the Replacement Player, having regard to these or other factors, as it considers relevant or appropriate, at its discretion.
300. If a Permit application is submitted so late that it is impossible to arrange a quorum of the Permit Committee (even by telephone), the Manager - Premier Cricket will determine if the circumstances justify the late application. If so, the Manager – Premier Cricket will inform the Chairperson of the Permit Committee (or their nominee) and any other members of the Permit Committee whom they are able to contact. The Chairperson, those members of the Permit Committee able to be contacted and the Manager - Premier Cricket will then make a determination on whether to grant or refuse that Permit.

301. If the Permit Committee subsequently finds that any Permit was granted based on inaccurate, misleading or incomplete information provided about any Player(s) concerned, the Match status or situation or that the application was clearly not within the requirements of this Part 12, the Permit Committee may retrospectively revoke a Replacement Player Permit. Given the potential for retrospective revocation, Clubs should exercise particular caution and care when submitting applications (especially late applications).
302. Where consequential replacements are required in other grades, Permit Committee decisions can be particularly time-consuming. Clubs should therefore allow maximum possible time for the Permit Committee to consider any Permit application and should ensure that all relevant information regarding potential Replacement Players is provided to the Permit Committee.

NOTIFICATION

303. If/where any Replacement Player Permit is granted, the relevant Club must notify the other Club and the Officials for the relevant Match of the Permit grant and the Replacement Player and must ensure that the other Club is aware.

NON-COMPLIANCE

304. In the event of any Player playing in a Match without a Replacement Player Permit granted under this Part 12, this will constitute a breach of the By-Laws and the provisions of By-Laws 230 and 231 (Unqualified Players) will apply (and in the event of any deliberate breach, By-Law 234 may apply).
305. In exceptional circumstances, where participation of a Player without a Permit is entirely inadvertent and the Permit Committee does not consider the relevant Club involved to have been negligent in failing to comply with these By-Laws or any other applicable procedures notified to the Club(s), the Permit Committee may determine that a fine will be imposed.
306. Failure by a Club to adhere to the required procedures following the grant of a Replacement Player Permit not resulting in the Permit being invalidated may be dealt with by the Permit Committee. The Permit Committee may impose a fine of up to \$200.00 for a Club's first offence in any two-year period and a fine of \$500.00 for any subsequent offences of the Club. Any fine imposed on a Club by the Permit Committee under this By-Laws will be subject to review by the Premier Cricket Committee.

REPLACEMENT PLAYER DISPUTES

307. Any dispute(s) in relation to Replacement Players or any Replacement Player Permit must be referred to the Premier Cricket Committee for resolution and a final determination.
308. In the event of a dispute being referred to the Premier Cricket Committee, any member of the Premier Cricket Committee who has a conflict (including by reason of being a member of the Permit Committee or being associated with a relevant affected Club), that member of the Premier Cricket Committee must excuse themselves from any determination of such a dispute.
309. If there is insufficient time for the Premier Cricket Committee to resolve or otherwise determine any dispute referred to it under Part 12, the Chairperson of the Premier Cricket Committee (or Deputy Chairperson if the matter involves the Chairperson's Club) will have the power to make a final determination. In the event the Chairperson or Deputy Chairperson has a conflict of interest, the Chairperson may appoint another member (or members) of the Premier Cricket Committee (without any conflict of interest) to make a final determination.

PART 13 - THE COMPETITION

GRADES

310. Teams competing in the Premier Cricket Competition will be divided into the following grades (unless otherwise determined by the Premier Cricket Committee):

310.1. Men's (Senior):

315. At the conclusion of a Minor Round, the team finishing 8th in Division 1 will be relegated to Division 2 and the team finishing 1st in Division 2 will be promoted to Division 1. A Division 1 qualification Match will be played between the team finishing 7th in Division 1 and the team finishing 2nd in Division 2 and the winner of this Match will play in Division 1 in the following season. Should the result of this qualification Match be a draw, a tie or be abandoned, the existing Division 1 team will remain in Division 1 and Division 2 team will remain in Division 2. The SACA Under 19 team will not be eligible for promotion or to play in the Division 1 qualification Match. Should the SACA Under 19 team finish 1st in Division 2, the team finishing 2nd in Division 2 will be promoted to Division 1 and the team finishing 3rd will participate in the Division 1 qualification Match (against the team finishing 7th in Division 1) and will be eligible for promotion if they win the Division 1 qualification Match.

PLAYER ELIGIBILITY AND PERMIT REQUIREMENTS

Minor Round

Playing Across Grades

316. A Player is not eligible to play in the Minor Round in a grade which is more than one grade lower than that in which they played in their previous Match in the current season, unless they have a Permit granted by the Permit Committee. This requirement also applies to a Player moving to a lower grade due to any Replacement Player under Part 12 of these By-Laws.
317. A Player in a team in a higher grade which has a scheduled bye may not play in a lower grade on the weekend of the scheduled bye if that Player played in a higher grade in their previous Match in the current season, unless they have a Permit granted by the Permit Committee. A Club must also submit a phantom team if it has a lower grade team playing in that round. The SACA Premier Cricket Co-ordinator must inform the opposition Club of any Permit granted.
318. Teams which have a scheduled bye in higher grades may move Players with an underage qualification from that grade to Junior grades without requiring a Permit from the Permit Committee.

Female Cricketers – Junior (Boy's) Grades

319. A female cricketer may be eligible to play in, Junior (Boy's) Grades as follows:

Playing Constraints

320. No Player will be permitted to play in any two (2) Premier Cricket Competition Men's or Women's grades or any two (2) competitions within the Premier Cricket Competition in any given week (being a Saturday to the following Friday), except in the Hahn One Day Cup, Men's Hahn Twenty20 Cup and Under 17 competitions or as Replacement Players as provided for in these By-Laws.

321. A female Player must apply for and obtain a Permit to play in the Men's and Women's competition in the same week. Any such Permit (if granted) may be granted by the Permit Committee for a Match, series of Matches or a season.

Major Round

322. Player eligibility and qualification (and any applicable Permit requirements) for the Major Round are addressed in Part 14 of these By-Laws.

323. The Program Committee will prepare the Program before each season commences. The Program must be approved by the Premier Cricket Committee.
324. Following Premier Cricket Committee approval, changes to the Program may be made pursuant to the following procedures:
- 324.1. the Premier Cricket Committee may alter the date or ground of any individual Match;
 - 324.2. the Program Committee may alter the date or ground of any individual Match or may, if it so decides, recommend such change to the Premier Cricket Committee; and
 - 324.3. where a Club requests a change to any round of Matches, the Club requesting the change must consult with the other Club involved in the Match(es) before making such request.
325. In grades below 2nd Grade, the Manager – Premier Cricket and the Chairperson of the Premier Cricket Committee may make such change if it is unreasonable for the entire Premier Cricket Committee to endorse such a change given the time available for the decision and the relative importance of the decision.
326. Should a change to an entire round of Matches be required in any grade, such a change may be made by the Program Committee if only grades below 2nd Grade are involved. Changes involving 1st or 2nd Grades may normally be made only by the Premier Cricket Committee and the Program Committee may only make such change if it is impractical (in the opinion of the Chairperson of the Premier Cricket Committee) to refer the matter to the Premier Cricket Committee.
327. A change of date/grounds for an entire round of Matches in a grade may be made even if the first day of all Matches in a grade in a round has already been abandoned.

Twenty20

328. The Twenty20 Double Header fixture may provide for two (2) Twenty20 Matches to be scheduled after each other on the same day. These may be:
- 328.1. the same two (2) Clubs competing against each other in each Match;
 - 328.2. two (2) different Clubs competing against each other in each Match; or

Two-Day (Saturday/Sunday) Matches – Rescheduling

330. For any rescheduled Match, no Player who played in a higher grade in the preceding Match (or who is playing in a higher grade Match in progress) may play in the rescheduled Match unless they have a Permit granted by the Permit Committee.

Major Round

331. For Men's Hahn 1st Grade (noting Divisions 1 and 2 will be treated separately for the purposes of this By-Law), 2nd, 3rd and 4th Grades, Junior Under 17, Under 15.5 and Under 14 Grades and Women's 1st and 2nd Grades, fifty percent (50%) (rounded down) of the number of teams in the relevant competition leading on points at the completion of the Minor Round of Matches for that competition will compete in a Major Round to decide the premiership for that grade and competition as follows:

331.1. Semi-Final – 5 or less team competition: None;

331.2. Semi-Final – 6 or 7 team competition: 2 v 3;

331.3. Semi-Finals – 8 or more team competition: 1 v 4 and 2 v 3;

331.4. Final – 5 or less teams: 1 v 2;

331.5. Final – 6 or 7 team competition: 1 v Winner of Semi-Final; and

331.6. Final – 8 or more team completion: Winners of Semi-Finals.

332. If two (2) or more teams are equal on points at the end of the Minor Round, the team with the higher Quotient will occupy the higher relative position (refer to By-Law 365 for the method of determining the quotient).

333. If a preliminary final has been programmed in 1st Grade, the four (4) teams leading on points at the completion of the Minor Round will compete in a Major Round as follows:

333.1. First Semi-Final: 3 v 4;

333.2. Second Semi-Final: 1 v 2;

333.3. Preliminary Final: Loser of Second Semi-Final v Winner of First Semi-Final; and

For Men's Hahn One Day Cup, Twenty20 Cup and Under 13 (Ray Sutton Shield) either four (4) or eight (8) teams (as determined by the Premier Cricket Committee each year) leading on points at the completion of the Minor Round of Matches will compete in a Major Round to decide the premiership as follows:

334.1. if eight (8) teams qualify for the Major Round, Quarter-Finals will be played: 1 v 8, 2 v 7, 3 v 6 and 4 v 5;

334.2. if two (2) or more teams are equal on points at the end of the Minor Round, the team with the higher NRR will occupy the higher relative position;

334.3. if Quarter-Finals are played in the Major Round, they will be played: 1 v 8, 2 v 7, 3 v 6 and 4 v 5;

334.4. Semi-Finals will be played: 1 v 4 and 2 v 3 if no Quarter-Finals are played or if Quarter-Finals are played Semi-Finals will be the highest ranked winner versus the lowest ranked winner (Semi-Final 1) and second highest ranked winner versus the third highest ranked winner (Semi-Final 2); and

334.5. Grand Final: Winner of Semi-Final 1 v winner Semi-Final 2

and in each case the higher ranked team will be the designated Home Team.

335. Should the relevant Program include finals qualification teams not referenced above, the Premier Cricket Committee will determine any Quarter-Finals Matches.

Other Grades

336. For all grades except the Men's Hahn One Day Cup and Men's and Women's T20 Cups:

336.1. if a first innings win is not achieved within the times allowed due to the Match being abandoned, or if a tie occurs in a Major Round Match, then the team finishing higher on the premiership table at the end of the Minor Round will be declared the winner;

336.2. if the Grand Final Match is drawn or abandoned, the team finishing higher on the premiership table will be declared the winner; and

336.3. if a 1st Grade Preliminary-Final has been played, the winner of the second Semi-Final will be considered the higher placed team.

Men's Hahn One Day Cup, Men's T20 Cup and Women's 1st Grade T20 Cup

337. If a result is not achieved due to the Grand Final Match being abandoned the highest-ranked team will be declared the winner.

FORFEITS

338. Should a Club be forced (or deemed) to Forfeit in one (1) or more of the Men's 1st, 2nd or 3rd Grades due to a lack of Players, then all teams of that Club in lower grades (to 4th Grade) in the same round will also be deemed to have Forfeited, unless the Premier Cricket Committee determines otherwise. If a team Forfeits for other reasons (including, without limitation, for example, the team refuse to play under the Laws of Cricket), subsequent Forfeits in lower grades will not apply.

339. Any team Forfeiting a Match may have a fine imposed by the Premier Cricket Committee, at its discretion, as follows:

339.1. Men's 1st Grade, Hahn One Day Cup and Hahn Twenty20 Cup: \$400.00;

339.2. Men's 2nd Grade: \$300.00;
